AUGUST 07

Thank goodness for heat pumps!! We have a great heat pump which is keeping us all warm - I cannot recommend them enough! Cheap to run and install and it comes on before we get in to warm the place up and switches itself off in the afternoon. Let us know if you'd like more info or a quote.

We have a New Team Member - Janine Southey - who is a very highly qualified Interior Design Graduate and is doing some lovely 3d cad work and will be moving on to consulting in all areas.

Kate Whittaker Design Ltd is now occupying one of our front offices which is great news. Kate is an Architectural Designer of new homes and alterations so now you don't have far to go to get the complete package!

'The Fornasetti Collection'

Cole & Son[®]

MANUFACTURERS OF FINE PRINTED
WALLPAPERS SINCE 1875

Piero Fornasetti was born in 1913 in Milan and became an eclectic painter, printer, sculptor, interior designer, craftsman and engraver. The latest collection from world renowned Cole & Son 'The Fornasetti Collection' meets together with the imagination of Piero Fornasetti and the creative and technical expertise of Cole & Son.

This wallcovering collection features Il Sole a classic 1950's sundial design. Echoes of the famous Fornasetti are evident in 'Fruito Proibito' a blend of two designs from the archive. Mischievous monkeys hide in a pomegranate tree inspired from a 1940's fabric.

A CARE TIP FOR YOU

CARE OF WALLPAPER

Care instructions depend upon the type of wallcovering you have had installed.

This information is on the label, and usually stated as 'washable' or 'scrubbable' or 'delicate'. Most modern wallcoverings have an easy-care vinyl coating which is designed to withstand normal day to day activities, but some are designed for their aesthetic value only and need to be treated accordingly.

- Paintable wallcovering, when painted, should be cleaned, when necessary, according to the paint manufacturer's instructions.
- For further information contact your retailer or call 0800 Wallpaper (0800 9255 72737)

POLYESTER TAFFETA . . .

The word "Taffeta" comes from the Persian word "Tafta" which means "Glossy Twist". This, no doubt refers to the beautiful lustre of the fabric.

Polyester Taffeta is crisp and closely woven, and has a smooth consistent texture and lustre. It is a plain-weave fabric with a firm body which handles with a "papery rustle".

We offer a range of **plain, striped and checked Polyester Taffetas** for elegant, stylish drapes and cushions at **competitive prices**.

ART EVENING 07

We are very excited about our upcoming Art Exhibition Evening on Thursday 6th September with wonderful local artists Jane Kellehan, Anneke Moore, John Christensen and Gabrielle Drummond. It promises to be another great night of inspiration, come along for a complimentary glass of champagne and have a look at some fabulous pieces of art, all of which will be available for purchase on the night.

We trust your project whether renovation or new, has gone well and we look forward to assisting you again in the future
